

Have you  
returned your  
FIT kit?

## It's important that you finish your FIT test and get it back to your doctor!

Colorectal cancer is the second-leading cause of cancer-related death. When colorectal cancer is caught early, full recovery is nearly 100%.

### It's easy!

*There's no need to change eating habits or medicines. Just follow the simple instructions, complete your test and return it today.*
