

It's time for your annual FIT test!

**(Hint: it's a test
that could save
your life.)**

As discussed at your last appointment with us, those 50 and older are encouraged to receive an annual FIT (Fecal Immunochemical Test) for colorectal cancer screening.

Your last FIT was on _____.

Please call us to arrange for your annual FIT.

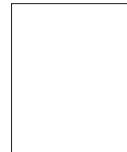

The test is simple, accurate, and easily performed at home.

Colorectal cancer – the 2nd leading cause of cancer-related death – is among the most treatable when discovered early.
